SUBJECT : Change in Planning Information.

1. Recent developments necessitate the following changes to planning information previously provided you.

a. The Weather Reconnaissance Squadron Provisional (First) will move to Wiesbaden, Germany on or about 12 June. It will remain there approximately six weeks to two months moving to its permanent base at Siebelstadt, Germany between 1 and 15 August 1956.

b. The Weather Reconnaissance Squadron Provisional (Second) will move from Watertown, Nevada to Adana, Turkey early in August 1956.

2. I have been informed that Siebelstadt has no weather station at the present time. I regret the fact that this move imposes an increased burden on your resources especially at this late date. This condition has been created by factors beyond our control.
